

Efficient storage and rapid deployment of all fire hose dimensions

QuickBag hose bags onboard a fire engine at Uppsala Fire Brigade in Sweden. Their orderly arrangement promotes a fast and effective response.

View a film demonstrating hose deployment at www.quickbag.se

Orderly arrangement means fast response

QuickBag hose bags keep hoses in order both in storage and on the emergency response vehicle.

Air gap between hose bag and floor plate eliminates the risk of mould growth.

Hose bags are available for both single-rolled and double-rolled hoses. QuickBag hose bags enable fast and accurate hose deployment.

Bags for 76, 63, 42, 38 and 25 mm hose dimensions. Other dimensions are available as options.

All bags are delivered with an adjustable carrying strap. Carrying straps with nozzle holder attachments are also available.

Hose bags for forest fires can be placed on quad bikes. When coupled together, several hundred meters of hose can be deployed in a very short time.

Fast accurate deployment

Deploying hoses packed and stored in QuickBag ensures rapid deployment and correct hose placement.

QuickBag 2-42 with nozzle holder attachment on the carrying strap. Holds 2 x 25 m 42 mm hoses packed side-by-side.

QuickBag 1-76 Large dimension bag

QuickBag 1-76 suitable for 25 m 76 mm hoses

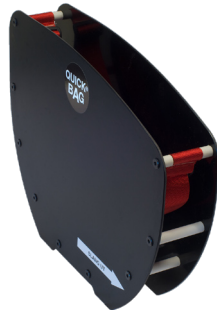

Height 445 mm • Width 148 mm • Length 555 mm • Weight 2.27 kg

QuickBag 1-63 Large dimension bag

QuickBag 1-63 suitable for 25 m 63 mm hoses

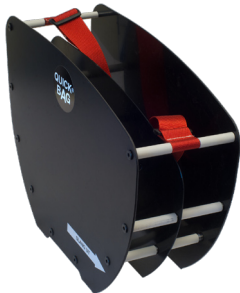

Height 445 mm • Width 135 mm • Length 555 mm • Weight 2.21 kg

QuickBag 1-42/38 Rapid response bag

QuickBag 1-42/38 suitable for 25 m 42/38 mm hoses

Height 405 mm • Width 97 mm • Length 500 mm • Weight 1.78 kg

QuickBag 2-42/38 Rapid response bag

QuickBag 2-42/38 suitable for 2 x 25 m 42/38 mm hoses

Height 405 mm • Width 185 mm • Length 500 mm • Weight 2.35 kg

QuickBag 2-25 Forest fire bag

QuickBag 2-25 suitable for 2 x 25 m 25 mm hoses

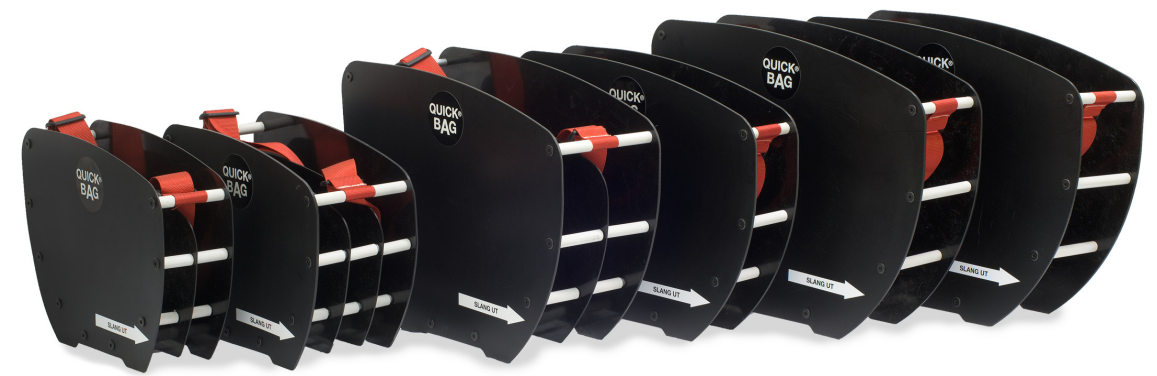

Height 323 mm • Width 115 mm • Length 400 mm • Weight 1.14 kg

QuickBag 3-25 Forest fire bag

QuickBag 3-25 suitable for 3 x 25 m 25 mm hoses

Height 323 mm • Width 178 mm • Length 400 mm • Weight 1.90 kg
